AYER'S CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

[illegible] all the numerous and painful complaints, [illegible] and name of pulmonary complaints, [illegible] nothing has ever been found which could [illegible] to strike with such a powerful hand at the [illegible] disease, as does this remedy. In many cases, [illegible] diseases of the throat and lungs, which [illegible] pronounced incurable, a few bottles of this [illegible] have restored the patient to perfect health and vigor. [illegible] pleasant to take, and perfectly safe in [illegible] directions. While under the influence of this medicine, the system is not subject to the [illegible] from the dangerous consequences of Colds and [illegible] which, unchecked, result in fatal consumption. [illegible] Institute of the Massachusetts Institute was [illegible] which, in connection with the Board of Judges in [illegible] Art, in this city, awarded to the Cherry Pectoral [illegible] Diploma of Ohio Industrial Exhibition, [illegible] Diploma of the Government of the United States, [illegible] every other evidence of its superiority over [illegible] compounds, and the confidence of the [illegible] experience of the eminent Physician of the Port and City of

ST. JOHNS, May 9, 1851.

Dr. J. C. Ayer—

Five years trial of your CHERRY PECTORAL in my practice, has proven what I foresaw, I think at the commencement, that it is the best medicine [illegible] and colds, bronchial affections, and [illegible] known. I do not know a better friendly deed [illegible] than to make known the discovery of the Throat and Lungs.

Yours truly, [illegible], M. D. of R. C. S.

See what this distinguished man says of a worse complaint, and only in the following cases, but a thousand others:

SUNBURY, Jan. 24th, 1851.

Dr. Ayer—In the month of July last I was attacked by violent Bleedings in the lungs of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My Bleedings ceased, but were followed by a severe cough—night sweats, &c. I finally started for home, but refused to go on board from the vessel. My cough continued to grow worse, and when I arrived in New York, I was at once advised by my physicians that a case of consumption. I then [illegible] that [illegible] was incurable, and [illegible] I had better [illegible] at once. I [illegible] taking your truly valuable med cine with the expectation of deriving any benefit from it. You would not recognize me [illegible] did I not regard it my duty, [illegible] to the afflicted, through your medicine, a sufficient [illegible] of health to [illegible] I attribute my [illegible] to the use of your Cherry Pectoral.

Yours truly, WILLIAM W. SMITH.

WATERFORD, Me., April 5, 1848.

Dear Sir—Feeling that I have been restored from a most distressing [illegible] through your instrumentality from the use of God, I will take the liberty to express to you my [illegible].

A cough, [illegible] alarming symptoms of Consumption had reduced me so low [illegible] when my physician brought me a bottle of your Cherry Pectoral. I ascribed to [illegible] and relief—and by the [illegible] has restored me to sound health. I will [illegible] others what it has done for me, you are [illegible] of the [illegible] of mankind.

Sincerely wishing you [illegible], I am,

Very respectfully, &c.,

JOHN J. CLARKE, Rector of St. Peter's Church.

Henry Clay has Departed.

Hon. Henry Clay died at Washington City on the morning of June 29th, aged 76 years and 4 months. He was the last of the great triumvirate of statesmen, who for a long series of years, were the acknowledged leaders of the two great political parties of this country. Webster died in October last, and Calhoun in March, 1850. Clay was the last to go down to the tomb, and his death will be felt as a national calamity. He was a statesman of the highest order of talent, and his name will be inscribed on the brightest page of his country's history. He was a patriot, and his love of country was ardent and sincere. He was a friend to the Union, and his last public act was to plead for the preservation of the Union. He was a friend to liberty, and his voice was always heard in behalf of the oppressed. He was a friend to the poor, and his hand was ever open to relieve the wants of the needy. He was a friend to the slave, and his heart was ever ready to sympathize with the down-trodden and degraded. He was a friend to the Indian, and his voice was always raised in behalf of justice to the red man. He was a friend to the soldier, and his name will be forever associated with the glory of the battle field. He was a friend to the sailor, and his name will be forever associated with the glory of the naval victories. He was a friend to the farmer, and his name will be forever associated with the glory of the agricultural victories. He was a friend to the mechanic, and his name will be forever associated with the glory of the mechanical victories. He was a friend to the merchant, and his name will be forever associated with the glory of the commercial victories. He was a friend to the lawyer, and his name will be forever associated with the glory of the legal victories. He was a friend to the doctor, and his name will be forever associated with the glory of the medical victories. He was a friend to the clergyman, and his name will be forever associated with the glory of the religious victories. He was a friend to the poor, and his name will be forever associated with the glory of the charitable victories. He was a friend to the rich, and his name will be forever associated with the glory of the financial victories. He was a friend to the young, and his name will be forever associated with the glory of the educational victories. He was a friend to the old, and his name will be forever associated with the glory of the venerable victories. He was a friend to the sick, and his name will be forever associated with the glory of the healing victories. He was a friend to the dying, and his name will be forever associated with the glory of the triumphant victories. He was a friend to the dead, and his name will be forever associated with the glory of the immortal victories. He was a friend to the living, and his name will be forever associated with the glory of the present victories. He was a friend to the future, and his name will be forever associated with the glory of the prospective victories. He was a friend to the past, and his name will be forever associated with the glory of the historical victories. He was a friend to the present, and his name will be forever associated with the glory of the contemporary victories. He was a friend to the future, and his name will be forever associated with the glory of the prospective victories. He was a friend to the past, and his name will be forever associated with the glory of the historical victories. He was a friend to the present, and his name will be forever associated with the glory of the contemporary victories.

25,000 Sold per Year!

The Unsurpassed and Unsurpassable

Bay State Stove,

OF SIX SIZES, of heavy and smooth castings—price from $12 to $60—celebrated for its whole cooking apparatus, carrying off the smoke in a still way, and not to be exceeded in baking, frying, boiling, &c., &c., in durability and economy—may be had at Secretaire, at the well known, and long established

N. JOHNSON,

Who is SOLE Agent, and always has been, for the sale of the celebrated Stove above named, of which 25,000 were sold the past year, and of which some 30,000 will not be more than sufficient to supply the demand the present year.

The BAY STATE is sold and warranted as usual. Returned after an unsatisfactory trial of 30 days, the price paid will be refunded, together with interest and cost of returning.

Persons purchasing the BAY STATE, and desiring repairs, are not subjected to the trouble of sending to Rhode Island or New York for castings, but to visit Bangor for them, AS I HAVE THEM ON HAND.

A CHALLENGE OF $50

Is proposed, that 50 Stoves of six sizes, of any other pattern than the BAY STATE, (for which I am sole Agent) can not be produced which will compare with the 50 I now have on hand, in thickness and smoothness of Castings, or in facility and capacity of broiling, baking, boiling or other cooking requisite.

The public are especially requested not to mistake a Stove called the "IMPROVED" BAY STATE, which is a cheap and inferior article, of thin and less durable castings, and which is sometimes advertised as the word "improved" is a prefix for the original and genuine BAY STATE, which has been so generally and thoroughly tested and admired.

All other kinds of STOVES constantly on hand, as above, which will be sold at reduced prices.

CALIFORNIA.

OFFICE OF GRISWOLD'S CALIFORNIA EXPRESS,
265 Broadway, New York

IN consequence of numerous pecuniary applications, and also by Mail and Telegraph, for information respecting the lines to California, and to secure Passage Tickets on the Steamers, the subscribers now issue a circular twice each month, showing the prices charged for different lines, with the dates of departure from this city, and the period in which tickets have been sold in advance. Also an account of the departure of Steamers and sailing vessels around Cape Horn, together with passage by each line when the same can be obtained.

Our long experience in the California Express business enables us to prepare a circular, from the most reliable sources, and which embraces much useful information to those going, or intending to go to California.

Those in want of such information can be supplied with Circulars by addressing us (post paid).

Persons residing at a distance from New-York, who engage to go to California, can save themselves the annoyance of personally visiting New-York until the moment of sailing, and can obtain tickets by sending their orders and a draft on New-York (pay ble to our order) by reference to a responsible house, who will pay for the tickets when received.

The compensation charged for this service is five dollars for each ticket procured. All orders for tickets should be accompanied with the names of parties in full.

We forward Packages, Parcel and Letter Passenger each Steamer leaving for California.

HOLLOWAY'S PILLS.

CURE OF ABSORBED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June 1851.

To Professor Holloway.

Sir,—Your Pills and Ointment, have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I continued for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained cannot being able to bear up under it. In this state she was induced to try your Pills, and the information she gave after the first and each succeeding dose, and had great relief. She continued to take them, and although she used only three boxes, she is now in the enjoyment of perfect health. I could have cited you many more cases but the above from the severity of the attack, and the speedy cure I think, speaks much in favor of your astonishing Pills.

(Signed) R. W. KIRKUS.

A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

No. 22 State Street, . . . Boston.

THE subscriber was appointed by the Commissioner of Patents, Agent for the U. S. Bank of Canada, in accordance with the 10th Sect. of Act of '37.

Having relinquished the Agency for the transmission of Models, and declined many applications to do so, he will continue to forward them in the Patent Office where *no Patent can be procured without his personal attendance*. Also to procure Caveats, Specifications, Assignments and all necessary Papers and Drawings for Patents; and to render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

Experience has taught inventors that they can save time and expense by employing a person who is familiar with the course of business at the Patent Office, and who can prepare their papers in the most favorable manner for speedy examination and favorable consideration. Many inventors, after having procured Patents, have found that their inventions were useless, and that they had expended their money to no purpose, for the want of this information, which another person might have given them for a trifling fee.

For the high orders which has attended his efforts in the past, he would refer to all the cities and many of the towns in the New England States.
